

Laser Cutting Machine Operator – 2nd Shift

Smucker Laser Cutting & Machine Fabrication (a division of Sam S. Smucker & Sons, Inc.) is a premier metal fabrication manufacturing firm serving clients in the South-Central Pennsylvania region. We provide laser cutting and metal fabrication services from manual prototyping to automated long run productions. We continue to grow and are seeking a Laser Operator to join our team on our second shift.

Laser Operators may perform a variety of tasks including but not limited to:

- Operate and maintain the laser cutting machines to produce parts that meet quality and productivity standards and the production schedule;
- Complete computer control set-up and adjustments;
- Perform material handling duties;
- Complete paperwork for projects to include materials used, time keeping records, and time and material work; and
- Assist in preparing finished products for customer pick-up or delivery.

We will provide the selected candidate with comprehensive training in laser cutting operation.

We are seeking candidates with the following qualifications:

- Manufacturing/production experience (preferred);
- A desire to learn;
- Good mathematical skills;
- Team player with good communication skills;
- Ability to use basic hand tools and measuring instruments;
- A good work ethic; and
- Strong mechanical aptitude.

Sam S. Smucker & Sons provides a competitive and comprehensive compensation and benefits package, including:

- Medical and dental insurance;
- 401(k) plan with Company match;
- Profit sharing plan;
- Paid vacation and holidays; and
- Life and short-term disability insurance.
